Mariner license prep

From 24 Sep, 2018 - 26 Nov, 2018

The purpose of the website/application is to allow users to study pre-set questions from a databank. This software allows users to go through the various sections of US Coast Guard questions and study these. This website's main purpose is to help simplify studying for users with features such as 'staring' a question for return later and searching key words to pull up specific questions in the bank. Displaying current score (correct/incorrect/and total # of questions). Displaying relevant diagrams below the image. Ease of navigation and ease of use is a goal. A very simple/friendly/responsive user experience.
