PythonBusiness AnalysisTableau

About me

I am Data Analytics enthusiast with a work experience of 3 years with Amazon and Deloitte where the part of the work was to create the dynamic and clear visualisations of various industry-specific KPIs. Access and transform massive datasets through filtering, grouping, aggregation, and statistical calculation.. I have a strong understanding of advanced Tableau features including calculated fields, parameters, table calculations, joins, data blending, and dashboard actions.

Education

B.E, 2017
University of Kashmir
Srinagar

Experience

Risk Analyst
Amazon, Hyderabad
From 15 Mar, 2017 - 31 Dec, 2018
Worked on redundant data ,one had to create the rules , do SQL manipulations , create reports using Tableau and story tell to clients.
