Java Full stack DeveloperREST APIsHTML 5CSSAJAX

About me

I have learned MERN Stack technology and I have been working on my personal projects which have given me decent exposure in terms of experience. Working with APIs, Nodejs and Reactjs have increased my understanding of sever-client communication and knowledge of SQL(PostgreSQL) as well as NoSQL(MongoDB) databases. Considering the above points I believe that I have the potential to deliver my best service to the organization.

Education

B.tech, Electronics and communication engineering, 2018

Jawaharlal Nehru Technological University

Hyderabad
